

PROTECTION

Recent studies have reported that your mobile phone can harbor more bacteria than the bottom of your shoe, or a toilet seat!¹

Forward Industries offers a more protective case for your mobile phone. In addition to great fitting cases and a range of styles to suit your needs, we are one of the first companies to develop cases with antimicrobial treatment built-in! Offering protection against germs and odor-causing bacteria.²

Just look for this icon on our new antimicrobial line:

¹ All the 'Dirt' on Cell Phone Germs, By Cheryl Thomas, CBNNews.com, August 4, 2006

² Antimicrobial properties protect the carry case from odor causing bacteria and a build-up of germs that can result in the degradation of the case. This product does not protect the user or others against disease-causing bacteria.
